

## Thumbdrive Order Form

Hi everyone,

We're gearing up for the final week of preparations before our big show! ***Once again, photography and video recording is prohibited during the shows at the Florence Simmonds Performance Hall.*** However, a professional video recording of the show will be produced by Perry Williams during our Wednesday evening show. We also have two photographers coming to take photos of our cast members backstage before the show, as well as on stage during the performance. All of these photos and the video recording are available to purchase on a thumbdrive that is yours to keep. We're asking \$20 for each thumbdrive, to cover the costs of our video recording, a small stipend for our photographers, and the cost of the thumbdrives. Please indicate below your child's name and class and the number of thumbdrives that you would like to purchase. Order forms and money can be passed in to Mrs. Davis in the music room or Mme Megan in 6G. Thumbdrives will be prepared in the weeks following the show and delivered to students in their classrooms. Many thanks!
